

Hire-A-Husky Resume Guidelines

Font: The font on all resumes should be either Times New Roman, Arial, or Calibri. The size of your font should be no larger than 12 with exception to your name. It is okay to have your section titles at 12 font while the information in each section can be at 10-11 font. This helps with fitting more information on one page.

Length: The length of a resume depends on the years of experience job candidate's possess. If you have less than five years of direct experience in
